Full-Stack Web Development

UI Design

Database Management

Cyber Security

EDUCATION

High School Diploma (IGCSE)

Marina International School

2015-2019

My educational foundation was established at Marina International School in The Gambia, West Africa, where I completed my high school diploma. This institution provided me with a solid academic background and cultivated my interest in technology and problem-solving.

Bachelors in Information Technology(IT)

Eastern Mediterranean University

2020-2024

Throughout my academic journey, I have gained in-depth knowledge in various aspects of IT, including UI design, full-stack development, and SQL. I have consistently demonstrated a strong commitment to learning and a passion for staying updated with the latest industry trends.

LANGUAGES

- English
- Arabic
- French

PROFILE

I am a passionate and innovative web designer/developer with a deep love for crafting exceptional digital experiences. With a strong commitment to blending aesthetics and functionality, I'm on a mission to create visually stunning and user-friendly websites that leave a lasting impression.

WORK EXPERIENCE

Software Engineer

2020-2021

M.H2 Enterprise

- Developed and maintained a company website using HTML, CSS, and JavaScript.
- Designed and implemented an inventory monitoring system to track stock levels and optimize inventory management.
- Collaborated with stakeholders to gather requirements, design solutions, and test software applications.
- Demonstrated strong problem-solving and analytical skills, coupled with excellent attention to detail and a commitment to quality.

INTERNSHIPS

Africell GM

2023

Banjul, The Gambia

Accomplishing out on a significant path of professional growth, my internship took place in Africell Gambia, a leading telecom provider dedicated to establishing records in the middle of West Africa. Located in the busy field of information technology, my 40-day internship covered a wide range of topics including cybersecurity, network optimization, and hardware diagnostics.

The work completed and the knowledge gained during this informative summer practice are summarized in this report, which serves as the very peak of my experiences. My tasks cover a wide range of Africell Gambia's departments, allowing me to become deeply involved in the complicated world of cybersecurity work, network management, and telecommunications operations.
